## Nanyang Girls High

My experience as a student in Si Ling Primary School was very fulfilling and exciting. I made many **memories** with my friends and teachers, especially after PSLE. My proudest moment was when I became an assistant head prefect. I was given many opportunities to develop myself as a **leader**. I could lead my peers and plan events for the school like Teachers Day. Although it may be tough sometimes, I know that I have my **classmates and teachers** to fall back on. To the staff and current pupils at Si Ling Primary School, good luck on your journey and never give up when obstacles get in your way. Just remember that they will help you develop into a stronger version of yourself.

# Juhi Vora Singapore Chinese Girls' School

Throughout my wonderful journey in SLPS, not only did I pick up many moral **values** and **life skills** along the way but I also fully enjoyed myself at every moment of it. I made very supportive friends and my teachers were very helpful. They would always be ready to help me clear my doubts, even after school. SLPS also gives its students many opportunities to nurture them to become Scholars who Lead and Serve through its meaningful activities such as camps and other **character development** programmes. I am sure that every student will thrive in Si Ling Primary School's **friendly and nurturing environment** and lastly, I would like to say that I am very grateful to SLPS for teaching me to strive to be the best that I can be.

# Zara Sophia Raffles Girls' School

My experience as a student in Si Ling was very enjoyable. Although it was quite stressful and overwhelming at times, I was able to get through challenges with the support of my family, teachers and schoolmates. My proudest moments in Si Ling were definitely when I received my PSLE results and when I won in the 2 mins of fame in P6. I certainly did not expect it! Si Ling provided many **opportunities** for me to develop such as many group activities for me to be able to **learn how to work better with others**. My message to the current pupils in Si Ling is to enjoy your time in Si Ling but remember to study well. Enjoy yourselves to the fullest and don't have any regrets. All the best to all your future exams! To all the teachers who have taught me or helped me through my primary school journey, thank you for all your hard work. I really appreciate it. I hope I have and will continue to make you proud! Thank you!

# **Phyo Thet Pai**

## **St Joseph's Institution**

During the **P5 Camp**, we learnt to pitch a tent, went to Sembawang Park etc. I made long lasting memories with my friends. My proudest moment as a student in Si Ling Primary is when I drummed for Recognition Day. After the PSLE, we had several **trips** such as the trip to the Singapore Discovery Centre. It was an unforgettable experience because we had laser tag, learnt about the history of Singapore and did an escape room.

## Nan Hua High School

My experience as a student has been quite fulfilling, I made many lasting **friendships**, and we even created a group chat with everyone in our class in it. There were many **caring teachers** who were always there for me throughout my journey in Si Ling Primary School. Si Ling Primary School allowed me to develop **leadership** qualities as I had been a prefect for 3 years, it also allowed me to be more caring towards others. A defining moment in Si Ling Primary School which helped me realise what I wanted to be when I grew up was when I first found out that I had a knack for math. One message I would like to say to both staff and pupils of Si Ling Primary School is to never give up, despite how hard the road ahead is, persevere towards your dreams in life and never give up. Thank you.

### **Raffles Institution**

Si Ling Primary School provided me with a lot of opportunities to learn. They had lots of enrichment programmes like the Math Olympiad, the Science Enrichment... it helped me to further my studies, broaden my knowledge and I grew more love for the subjects as I understood them better.

# **ANNE UJJWAL CHOWDARY**

## **Victoria School - INTEGRATED PROGRAMME**

Hi everyone, my name is Ujjwal and I am currently studying in Victoria School, ranked as one of the most prestigious schools in Singapore. I graduated from Si Ling Primary School in 2023 and I was in 6 Perseverance. I was in the Art Club CCA. The experience in SLPS is spectacular. I loved it there. There were so many facilities at ready use such as the library or the computer lab, just to name a few. The students here are amazing and are very friendly, to say the very least. The teachers are incredible and are not ordinary teachers. They even go out of their way to help the students be engaged in class, just like what they did with me, an ordinary and average student at that time. My proudest moment in SLPS was when we were all gathered in the hall for our PSLE result day, and when they announced my name as their absolute last high achiever, I was beyond elated. I was even on cloud nine. Si Ling Primary provided me with so many opportunities to improve myself. I could freely ask the teachers any external questions from the questions they teach in class, and the school library is very easily accessible, so I could research on any topic or even relax for a bit while reading the comics they provide in the library, which is super engaging and informative. I had many beautiful memories here at Si Ling Primary School. For me, it was my P5 camp. I met most of my friends at that camp as it gave me an opportunity to better know my classmates. I have to give my credit to Mdm Emilia. She helped me in so many ways. I used to be reckless and irresponsible during my lower sec years. However, Mdm Emilia enforced manners on me at a young age, which helped me so much in my later life. Academically, she also helped me so much. She would bother to explain me topics multiple times at a row, just because I wouldn't understand the question, and this was not only for me, but for the whole class as a whole. She made sure everyone would understand before carrying on, and I really appreciate her for it. She put me on the path of success at a young age itself, and I will be forever indebted to her, and will never forget the sacrifices she made for not only me, but for all her students. Thank you so much Mdm Emilia! My message to the current to both staff and current students of the school is that nothing can be achieved from doing nothing. In order to succeed, we have to fail. So put in the hard work, and you can make it anywhere!

# GAN JIN

## Hwa Chong Institution

I am Gan Jin and I am currently in Hwa Chong Institution. I graduated from Si Ling Primary School in 2023. I was from 6 Solidarity. I was in International Dance CCA. As a student in Si Ling Primary, my experience had been filled with exciting activities and challenges. For example, as part of Post PSLE activities, we went to Singapore Botanic Garden. It was an enriching learning journey. I have a lot of friends in Si Ling Primary and I'm still in contact with many of them. My proudest moment was at the End of Year Recognition Day. I was awarded for doing well in my academics. Si Ling Primary provided me with a lot of opportunities to express myself. I was given the opportunities to represent the school in the SYF competition and Math Olympiad Competition. I am truly appreciative of the experience. One defining moment that I will never forget when I was awarded the Silver award in the APMOS Math Olympiad competition. I thought that I may aim for a mathematics related path in the future. There were plenty of beautiful memories that I had in Si Ling Primary. I enjoyed the class bonding sessions with the Form Teachers and the School Leaders. One of the teachers who supported me a lot in academic as well as in my mental well-being was Miss Aw Jie Shi. She dedicated her time and effort to all of us in our final two years. To all the staff and students in Si Ling Primary, I encourage each of you to overcome the challenges and obstacles, be positive and continue striving for excellence.

# Achievement Levels

# Achievement Levels (AL)

PSLE Achievement Level scoring aims to:

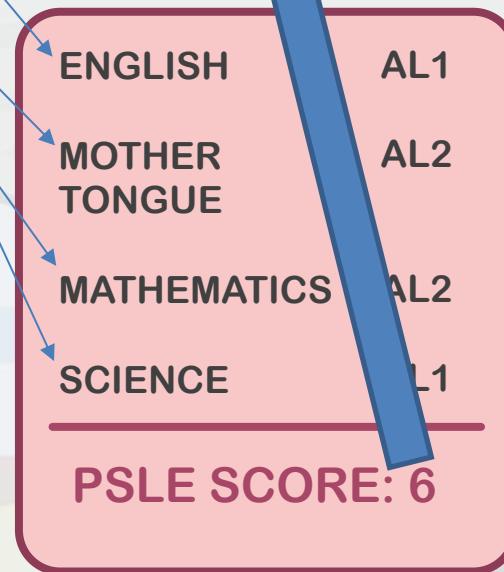

- Reduce fine differentiation at a young age
- Recognise students' level of achievement, regardless of how their peers have done

The changes will not affect the curriculum and subjects tested at PSLE.

# Achievement Levels (AL)

AL	RAW MARK RANGE
1	≥ 90
2	85 – 89
3	80 – 84
4	75 – 79
5	65 – 74
6	45 – 64
7	20 – 44
8	< 20

PLACEMENT OUTCOME	PSLE SCORE
PG 3 (EXPRESS)	4 – 20
PG 3 / PG 2 [EXPRESS / N(A) option]	21 – 22
PG 2 [N(A)]	23 – 24
PG 2 / PG 1 [N(A) / N(T) option]	25
PG 1 [N(T)]	26-30, with AL7 or better in both EL and MA

# Foundation Level Subjects

Foundation Level AL Reflected on Result Slip	Foundation Raw Mark Range	Equivalent Standard Subject AL	Standard Raw Mark Range
A	75 – 100	6	45-64
B	30 – 74	7	20-44
C	< 30	8	<20

Foundation level AL A to AL C → Standard level AL 6 to AL 8

# Scoring of Foundation Subjects

PSLE Score = sum of 4 ALs across Standard and Foundation subjects

# Choice Order of Schools

- Posted to a secondary school based on academic merit (i.e. overall PSLE score)
- If two or more students with the same PSLE Score vie for the last remaining place in a school, tie-breakers will be used in the following order:
  1. CITIZENSHIP
  2. CHOICE ORDER OF SCHOOLS
  3. COMPUTERISED BALLOTING

# EXAMPLE:

4 students - Jane, Bryan, Mary and John, are vying for the last places in School A and School B.

Jane  
Singapore  
Citizen

JANE'S SCHOOL CHOICES	
1.	School A
2.	...
3.	...
4.	...
5.	...
6.	...

Bryan  
Singapore  
Citizen

BRYAN'S SCHOOL CHOICES	
1.	School B
2.	School A
3.	...
4.	...
5.	...
6.	...

Mary  
Singapore  
Citizen

MARY'S SCHOOL CHOICES	
1.	School A
2.	School B
3.	School C
4.	...
5.	...
6.	...

John  
Singapore PR

JOHN'S SCHOOL CHOICES	
1.	School A
2.	School B
3.	School D
4.	...
5.	...
6.	...

**Students with better scores will be posted first**

Jane will be posted first as she has a better PSLE score, and will be posted to School A.

As Jane has taken that last place in School A, Bryan, Mary and John, having the same PSLE score, will vie for the last available place in School B.

**Tie-breaker 1:  
Citizenship**

Bryan and Mary are Singapore Citizens and will have a priority to enter School B.

John will be tie-broken out as he is a Permanent Resident. With no places in School B, John will be considered for School D.

**Tie-breaker 2:  
Choice order of schools**

As Bryan ranked School B higher than Mary in his choice order of secondary schools, he will be posted to School B.

Since the last place of School B is taken by Bryan, Mary will be considered for School C.

**Tie-breaker 3:  
Computerised balloting**

# HMTL Eligibility (Secondary Schools)

## ELIGIBILITY CRITERIA FOR SECONDARY SCHOOL HMTL

(i) PSLE Score of 8 or better

OR

(ii) PSLE Score of 9 to 14 inclusive; and attain

# Supporting Your Child

# Discussing Secondary School Options With Your Child

- Understand your **child's learning style, strengths and interests**
- Discuss the options with your child, with the following considerations:
  - **Values:** What is the school's culture and ethos?
  - **Learning environment:** Is the school's learning environment right for the child?
  - **Distinctive programmes and CCAs:** Can the school support and develop the child's interests?
  - **Location:** Is it too far from home? How will the child get to school?
